2005.12.04 - Excom

EXCOM MEETING

Sunday December 04, 2005

Present: Saul Schumsky (Commodore), Jamuel Starkey (Vice Commodore), Dan Pang and Michael Faw (co-1st Vice Commodores), Will Lowe (3rd Vice Commodore), Caryl Woulfe (co-Secretary), Peter Kuhn (Treasurer), and members Mathias Roschke, and Ed Shirk.

Absent: 2nd Vice Commodore, Port Captain, Rear Commodore

The meeting was called to order at 5:30 p.m.

Ex-Committee Reports

Commodore (Saul) No report, just agenda items.

Vice Commodore (Jamuel) Proposed Open House dates for 2006 - agenda item.

1st Vice Commodores (Dan and Michael) Dan - No report. Michael - All of the dinghies are currently sailable.

3rd Vice Commodore (Will) Greg is working on Louie. It is currently not sailable. Unfortunately, there is a bend in the new ensign mast that we ordered. We hope to put up Nanya's mast and boom in the next month or so.

Secretary (Caryl) No report.

Treasurer (Peter) We have \$55,668 in the main accounts (plus about \$2200 in the CSC Xtras account), down \$1,282 from two weeks ago when we had \$56,950.

In the last two weeks we've hauled in \$1,838: \$660 in regular membership dues, \$881 UC workstudy reimbursement for dayleaders, \$275 donations (big thanks to Tom Trippe and the Leitners!), \$22 interest.

And we've spent \$3,120 including: \$2,356 dayleaders November, \$462 lease payment December, \$132 keelboat and skiff engine parts, \$82 teaching supplies navigation class, \$14 keelboats floorboard screws, \$74 windsurfers monofilm (thanks Don Drummond!).

P.S. "Will's made an excellent suggestion for our meetings that we should implement ASAP:
<http://www.ouchytheclown.com/meet.shtml>"

New Agenda items:

1) New signs/paperwork to indicate if dinghies are sailable or not sailable and why or why not. Ed showed a sample of a plexiglass sign that could replace the DNS sign that we have now. Members would fill out a page indicating what is wrong with the boat, and what if anything they did to fix the problem. Michael and Dan will do a write-up explaining how to use the new signs and paperwork. It was suggested to have DNS on one side of the sign and the boat type and number on the other (for example, P1 for Precision #1). No motion was made. Ed was thanked for his work.

2) Approval of Minor Member. Caryl made a motion that Vaios Bozikis be allowed to join the club as a minor member with the usual obligations, and go for his novice windsurfing rating and junior sailing rating without having to come back to Ex-Com for approval. Vaios and his parent(s) had already received the spiel that all minor members and their parents get, before tonight's meeting. Peter seconded the motion. The motion passed unanimously.

3) US Sailing Community Boating Council. Saul was asked to become a council member. This would mean attending three meetings a year, or at least two. Saul suggested that because he already attends several meetings, Lydia and Will could go instead. Discussion ensued. Is it worth spending the money to have the visibility? Two people attending the meetings, at least twice a year, could be very costly depending upon where the meeting were held. Will said he would attend the meetings provided he was able to get the time off of work. No motion was made.

4) Dates for 2006 Open Houses. It was decided to have two Open Houses a month from April through October; this year we had two a month from April through September. The pros and cons of having back-to-back Saturday/Sunday Open Houses were discussed. It was decided that Sunday is the better day for Open Houses. That way racers can help give rides after the conclusion of the Sunday morning Lido races, and the lessons on Saturday could continue past 1:00 p.m., which they often do. Jamuel will email Excom tentative dates for online approval. Peter asked Jamuel to ask Gary Farber to select the dates.

5) Donation of a Cal 2-27. Where would we put it? Would it replace one of the ensigns? It doesn't have a working motor. I forget what else we talked about. Did we vote to accept it?

6) First Aid/CPR certification. Saul moved, and Jamuel seconded, that all Seniors have a First Aid/CPR certification. Will moved to table, Saul seconded to table. All agreed to table.

Will moved, Jamuel seconded, to adjourn. The motion passed with all in favor.

Meeting adjourned.

Agenda items

Approval of Minor Membership: Jeff Bryant, sixteen years old, and his mother, Rae Bryant, introduced themselves and asked that Jeff be permitted to join the club as a minor. They were given the spiel that all minors and parents receive regarding rules for minors: safety issues, signing a waiver, sailing only when there is a dayleader, the mandatory lifejacket requirement, the lack of a phone at the club, the lack of babysitting services, etc. Saul made a motion that Jeff be allowed to join the club as a minor member and that he doesn't have to come back to Ex-Com to be able to get his Junior sailing or Junior+ windsurfer rating. The motion was seconded and approved with all in favor.

Sale of Rhodes Mast: Michael made a motion to sell the extra Rhodes mast for \$75.00. Meredith seconded the motion. The motion was approved with all in favor.

Commodore's Report (Saul): Thanks to Peter Kuhn, Will Lowe, Jill Marshall, Lori Taguma, Heather Stewart, Caryl Woulfe, & Brad Marshland for their input and work in preparing the Department of Boating and Waterways Grant, which I signed. If we are successful, the funding will be used to support our programs highlighting safety on the water. The CSC 2006 calendars are here! CSC is signed on as an escrip recipient. If you regetser your credit cards then whenever you use your card a % of your purchase will be donated to the club. This happens without increasing your credit card purchase and you don't have to know whether or not places you shop are participants it is done automatically. Go to <http://www.escrip.com/> for more info.

Vice Commodore's Report (Jamuel): I'm responsible for the advertising and web page content. Thanks to Jennifer Kirkland and Jerry Huff for preparing a wonderful meal. We currently have over 460 club members, and I especially want to thank Bill Mosely for keeping the website up to date. We will be holding a Visual Safety seminar January 14th, 2006 where we will demonstrate proper usage of flares, and other safety equipment with the help of the Coast Guard. ? It will be a fundraiser for CSC.

1st Vice Commodore's Report (Michael Faw): I'm Co-1st Vice with Dan Pang and we are the representatives for the dinghy fleet. Every boat we have was sailable last weekend, but that changes daily; I'm not sure what the status is now. 2nd Vice Commodore (Asmaa): Lydia Lopez, my new co-vice and I are responsible for the windsurfing equipment and program. Thanks to Mitsu for his ongoing dedication to repairing equipment and to Sofien for repairing many boards. Several windsurfers have expressed jealousy over the range of CSC windsurfing equipment. We have two new windsurfing Seniors, Yuri Petrov and Matt Harvey.

3rd Vice Commodore's Report (Will Lowe): Lots of great stuff happened with the keelboat fleet this year. All four boats got haulouts at Berkeley Marine Center. And a big thanks goes out to Ed Shirk and Greg Swideruk for finishing in a summer what the rest of the club couldn't get done in 4 years: Nanya's back in the water! We'll be stepping Nanya's mast, and replacing Louie's, in the next few months. I have several senior projects available on the keelboats; if anyone is interested they should contact me.

Rear Commodore Report (Sheldon Coad): As Rear Commodore I am responsible for the teaching programs at CSC. Over the last year we have given 1755 individual lessons on 265 class days, and 21 clinics so far this year. Currently our membership is down this year. Thanks to Tara E., Michael Scalet, David F. Scott M., Jim Pottinger, for continuing to teach dinghy and keelboat lessons. We are forming a new Senior Skipper study group, Cruising Skipper study group and we are always looking for teachers if anyone is interested. I would like to thank Tara Ellman, David Frazer, Scott McLean, Russell Lecaro, John McBride, Karen Huie, Peter Kuhn and Jamuel Al-Androuse for being dedicated sailing and windsurfing instructors and don't forget our own Michael Faw!! He has taught a huge amount.

Port Captain's Report (Meredith): Our Day Leader Corey is leaving for the winter, but we have hired 5 new Day Leaders in the meantime.

Treasurer's Report (Peter): I'd like to extend my heartfelt thanks for all that everyone does for the club. Statement of Financial Condition Nov 1 2005: As of Oct 31st we had \$60,812 in the bank, and our property is worth about \$130,000. In August, September, and October, we took in \$25,018 and spent \$48,816. Three reasons we spent almost \$24,000 more than we collected: 1. Clubhouse and yard—we completed the clubhouse and deck rebuild and put awnings on the windsurf racks, at a cost of nearly \$16,000, 2. Windsurfers—we purchased two new windsurf boards and 17 new sails, at a cost of almost \$5,000, 3. Keelboats—we bought a new set of spars, finished Nanya, and completed the other keelboats' haul outs, at a cost of almost \$4,000,

Actual Income August through October '05: Memberships (Regular and windsurf locker) \$20,285, UC work-study reimbursement \$3,710, Donations, etc. \$1,023, Total Income \$25,018,

Actual Outlays August through October '05: Clubhouse & Yard (clubhouse and deck rebuild, paint, windsurf sail awnings) \$15,921, Day leaders (gross wages, taxes, payroll service) \$12,259, Windsurfers (2 new boards, 17 new sails, harness lines, sail repair tape, etc.) \$4,660, Keelboats (Dewey bottom paint, Ensign mast and boom, sail repairs) \$3,928, Club activities (BBQ's, General Membership Meeting, Fastback, cruising) \$3,533, Printing, Newspaper Ads, other communications \$2,780, Dinghies (fiberglass

supplies, Lido mast parts, P15 hike sticks, paddles, DNS signs, sail repairs) \$2,566, Lease (3 months at \$462/mo) \$1,386, Skiff and engines (parts, fuel) \$822, Insurance (workers comp deposit) \$647, Miscellaneous: locker dues refund, work supplies, etc. \$314, Total Outlays \$48,816. Big thanks to everyone who pitched in so many hours to keep the club afloat!

Co-Secretaries (Lori & Caryl): (Lori) Thanks to members who generously give their time to teach at CSC. Mike Hummell, FB Editor, is looking for members to write articles for the Floating Bottle. Input is considered as club work hours, so contact him if you are interested. Narcisse, a new club member, immediately volunteered.

Agenda Items:

1. General Elections: Seth Clark moderated CSC elections, since the CSC Officers re-ran as a slate. Seth called for any other nominations for Officer positions. Since other nominees did not come forward, present officers were re-nominated and re-instated by at least 70% of CSC voting members present.
2. Mystery Announcement. The Bob Collins Award for teaching excellence is presented once each year. It is given to people who participate in the club well above and beyond being teachers to the club. All of the Bob Collins Award recipients from previous years were present: Peter Baczek and Ardaan Locht from 2002-2003, Neil Larsen, from 2003-2004. Unfortunately this years recipient, Jameel Al-Aidroos is not. Jameel was given a round of applause for his dedication as an outstanding windsurfing teacher.

Will Lowe moved to adjourn, accepted by constituency with unanimous approval. Pineapple upside down cake was served. Reported by Lori Taguma.

Absent: Jamuel, Asma, Meredith

Prior to Officer Reports Oliver Bozek (14 years old) and his father John introduced themselves and asked that Oliver be permitted to join the club as a minor. They were given the spiel that all minors and parents receive regarding rules for minors: safety issues, signing a waiver, sailing only when there is a dayleader, the mandatory lifejacket requirement, the lack of a phone at the club, the lack of babysitting services, etc. Saul made a motion that Oliver be allowed to join the club as a minor. Will seconded the motion. The motion was approved with all in favor.

Officer Reports

Saul (Commodore) We have received the information needed to write the DBW grant. The process has changed a little bit from the past. The DBW is meeting October 25 and 26. Saul recommended that he and Peter attend, or he and Will attend, or Peter and Will attend. CSC Calendars have been printed up for

2006. We will use them as a CSC fundraiser by selling them at the General Membership meeting on November 3rd as follows: For a \$20 donation to the club, you receive a calendar; for a \$100 donation, you receive a calendar and your choice of CSC shirt or burgee; and for a \$150 donation you receive all three. Saul will be bringing 18 CSC t-shirts to the US Sailing Symposium in Long Beach in January.

Jamuel (Vice Commodore) No report.

Michael (Co-1st Vice Commodore) The 8th Lido is almost sailable; all of the JYs and both Precisions are ready to go sailing. The JYs have been holding up well.

Asma (2nd Vice Commodore) No report.

Will (3rd Vice Commodore) The overnight trip to Angel Island, which was a combination of people from Bay Access, CSC, and the dragon boats, was a lot of fun. Thanks to Greg, Ed, and others, Nanya is ready to be put in the water. The new ensign mast is not in yet. Donald's motor is not working.

Sheldon (Rear Commodore) We had a really good September. There were two really good clinics: Matt's "How to Teach Dinghy Sailing" and Malu's last byte/laser clinic. Stats: 192 individual people took lessons in September. This compares favorably with September of 2004, but cumulatively we are down 27 % from last year. Sheldon still needs to get figures from Pieterneel as to how many women participated in the women's sailing program this year.

Meredith (Port Captain) Absent. No report.

Co-Secretaries (Caryl and Lori) Caryl has been asked whether there will be a women's sailing program this fall or winter. If anyone knows of someone who would like to do this as a senior project or out of the goodness of his or her heart, let Caryl know. The website currently shows August events. Caryl agreed to help Jamuel keep the site updated, if he would like her help.

Mark Yampanis is currently rating chair for sailing. Ardeen is still chair for windsurfing.

Vice Commodore (Jamuel) via email Sheldon and I were working to get a blurb about CSC loaded onto Course Junction. I have submitted an ad and had it published. You can see the text at:

"http://www.coursejunction.com/course_detail.cfm/id/13090" This (free) ad runs indefinitely (until Sep 2010) and only needs to be updated if we substantially change something within the club related to sailing and windsurfing lessons. I've also instructed our webmaster to add a reciprocal link to our web site (I've placed it under the Commercial Links on the "CSC Links to Other Sites" page) per the agreement with Course Junction-- here is the text:

Course Junction â€“ The World's Premier Course Marketplace - "<http://www.coursejunction.com>."
Course Junction is an online marketplace where course participants and course providers meet. With thousands of course listings, there is a great chance that Course Junction has the course you are looking for!

2005.08.14 - Excom

EXCOM MEETING

Sunday August 14, 2005

(reported by Sheldon Coad)

Attendees: Commodore Saul Schumsky; Vice Commodore, Jamuel Starkey; First Vice Commodores, Michael Faw and Dan Pang; Third Vice Commodore, Will Lowe; Rear Commodore, Sheldon Coad; Port Captain, Meredith Roberts

Reports:

Commodore's Report (Saul): 1. Bob Hood is no longer the Rating Chair. Saul will be temporarily serving as the Rating Chair, giving both Senior and Cruising Skipper written tests until we have a new Rating Committee Chair.

2. Waterfront Commission. Paul Kamen is now the Chairman of the Waterfront Commission. Saul gave a report on CSC at their last meeting as we are required to do by the terms of our (expired) lease. Saul reminded them that the So. Sailing Basin needs to be dredged. The ultimate consequence of not doing so will be that we and Cal Adventures will both have to leave. The committee's response was "oh damn".

There is a South Sailing Basin beautification effort. The dry storage is to move to the marina side of University. There is also a shift of money that was intended for the future ferry access parking that may be used to accomplish this.

Vice Commodore's Report (Jamuel): 1. We have an Open House the weekend after next. 2. We had almost 100 people attending the August 4 General Membership meeting at the Berkeley Yacht Club. Many thanks again to Jennifer and Jerry for their enormous help in making a delicious dinner for all of us.

1st Vice Commodore's Report (Michael Faw): 1. We broke one Precision. 2. Two Lidos are out of commission. 3. All 4 JYs are good. (One has a broken main sheet cleat.)

3rd Vice Commodore's Report (Will Lowe): 1. He is searching for (2) lengths of new 5/8 inch anchor chain that are now missing. Will asked if any of us had seen them around the club. Unfortunately no one had.
Rear Commodore Report (Sheldon Coad): 1. Lessons are going well. Last Thursday we had a heavy load. We had 13 people for a mid-week lessons time. (The normal is 4-6). 2. The Cruising Skipper Study Group finished up last Monday night (Aug. 8, 2005). 3. The Women's Sailing Program has had 10 attendees and is going well. 4. The August 7th Laser Byte Clinic had 7 students and 2 instructors. 5. The last Laser/Byte Clinic of the year will be next month. 6. Jim Ulrick completed his Fastrack in July. Sheldon asked if everyone was in agreement that he sign Jim off on his project. (There was agreement and Sheldon later signed it off.)

Port Captain's Report (Meredith): 1. Our fine Irish Dayleader is leaving. 2. She now needs to hire more Dayleaders. We are at another semester start and are short of Dayleader power.

Agenda Items:

1. New Rating Committee Member - Both Sheldon Coad and Dan Pang brought up the request that David Fraser be added to the Rating Committee. A short discussion followed in which it was determined that this does require approval by the Executive Committee but no action was taken.
2. The 29er dinghy - Michael reported that his survey of interest via the club list serve digest in the club acquiring a 29er dinghy was pretty even with 2 more against the acquisition that were for it.

He noted that the 470 worlds are coming up. There was also discussion of the Vector by Vanguard, 505's, and 49ers as possible options. By the end of this discussion Michael asked if the 29er issue was to move forward and there seemed to be no momentum for it.

3. A 2006 CSC Calendar - Saul brought out a mock up of a proposed new club calendar for 2006. Discussion surrounded some suggested changes for it. There were some non members shown, the tided data seemed hard to read (in a Grey type), the absence of keel boat pictures, and the overall size of the calendar. Saul asked that any other suggestions be forwarded to him via e-mail.

The cost of last year's calendar was approximately \$1,400 for 200 copies. Since we used it specifically to raise money for a new clubhouse, it was suggested that perhaps 150 copies might be a better pick.

Saul proposed a motion that the calendar project be approved. Jamuel seconded it. The vote was unanimous.

3. Tuesday night JY Races. Jamuel asked why racing rules were not required for this new racing series. There was considerable discussion pro and con regarding requiring racing rules and racing ratings for this new club function.

Arguments for: it is racing, hence ought to be under racing rules, as people get better at the racing, they will get closer and closer to other boats and boats may be damaged or worse someone get hurt, as a club we should promote racing, we have racing rules and a racing rating, they should be required.

Arguments against: This is the one area on the sailing side of the club that has really grown and taken off recently, the purpose of the club is to foster sailing and having fun. The people who are racing are doing just that. Lets not squash it, If we require rules and ratings, it will kill off interest.

Saul said that he would seek Dave Cary's input on this. Dave is a very experienced cruising Skipper and is racing currently in both series.

4. Flares. Jamuel asked if we could have a scheduled club event where we could practice with live (older, out of date) flares. One very rarely needs them and without any practice it could be a problem.

Discussion followed that if you let the USCG know in advance they would probably agree.

Jamuel will organize this. Meeting was adjourned.

This is a very important community service that we offer to the public, and we have been doing it for a long time. Thanks to Jennifer and Jerry for the meal and dessert tonight. Thanks to Peter Kuhn for organizing the clubhouse remodel. CSC was rated 2005 Best Way to Sail on the Bay in the Bay Guardian. There is a Waterfront Commission meeting next week. We continue to pay the monthly rate we have been paying since the lease ran out. There will be a CSC Moonlight Sail and Barbecue on Saturday night, August 20.

Vice Commodore (Jamel) Thanks to Bill Moseley, our webmaster, for keeping the website current. Thanks to all of the Open House volunteers; organizers of rides, skippers and crew, barbecue helpers, etc. There have been plenty of members coming to help at the last several Open Houses. Membership is down. Through June we are down nine percent, but revenue is higher.

Dan Pang (Co-1st Vice Commodore) The dinghies have held up pretty well this summer. Thanks to the members who help maintain them. The 470 was sold for \$500, giving us a little more room in the yard. The JY's are used for racing on Tuesday nights. All are currently up and running. One lido is down.

Isabelle Fortier (reporting for Asma, 2nd Vice Commodore) The windsurfing Fast Track was very successful. Thanks to all who helped. There may be another one later in the season. Matt Harvey is building an awning in the yard and will need some help. The Wednesday night windsurfing races continue. Presently

Thanks to Robert Ofsevit for replacing booms and doing some re-rigging on the ensigns. If anyone wants to help work on the keelboats, contact Will.

Sheldon Coad (Rear Commodore) During May, June, and July we gave 811 lessons to individuals. Last year was 30% better. Lydia Lopez ran a Fast Track in May, Fred Fannon gave a knot and splicing clinic, and Alan Champion gave a JY clinic. If anyone is interested in putting on a "How to Teach Dinghy Sailing" clinic, let Sheldon know. Thanks to all of you who give lessons and clinics.

Port Captain (Meredith) We have great dayleaders. Peter Kuhn is awesome.

Treasurer (Peter) The clubhouse is almost done. Please come help out if you can. Thanks to John McBride, Ed Shirk, the paid helpers, Brian Buchanan for doing the electrical work, and all of the other people who have helped. Email Peter if you would like a CSC financial report. If you don't volunteer to clean up tonight, you will have to do karaoke. "I like baklava."

Co-Secretaries (Caryl and Lori) Caryl: Thanks for the congratulations on my becoming a senior skipper. As I look out at all of you, I see so many people who have taught and supported me along the way. Thanks to everyone for all that you do for the club. Thanks to all of the adventurous souls who safely participate in teaching sailing and windsurfing, and to all who work so hard for the good of the club.

Closing note by Saul: Meredith underestimates what she does. She hires, trains and supervises all of the dayleaders. Ex-Com always thanks everyone else: I want to thank Ex-Com members for their hard work. They really do work hard.

A motion was made and seconded to adjourn the meeting.

GENERAL MEMBERSHIP MEETING

Tuesday February 22, 2005

General Membership

Pre-General Membership Meeting, 6:30 at the Berkeley Yacht Club

Present: Saul Schumsky (Commodore), Jamuel Starkey (Vice Commodore), Michael Faw (co-1st Vice Commodore), Asma Asyyed (co-2nd Vice Commodore), Sheldon Coad (Rear Commodore), Caryl Woulfe and Lori Taguma (co-Secretaries), Peter Kuhn (Treasurer), and member Jane Morson. Absent: Will Lowe (3rd Vice Commodore), Meredith Robert, Port Captain

New Agenda items:

- 1) Permit to repair clubhouse. Peter made a motion to spend \$400 for a permit from the City of Berkeley for repairs to the clubhouse, provided it is refundable. This would be a deposit to have the City of Berkeley look at our plans. Michael seconded the motion. The motion passed unanimously.
- 2) New Junior windsurfer boards. Asmaa would like to buy 3 boards for the Jr fleet. These are 2004 Starboard Start small boards. You can see them on page 10 of the 2004 Starboard catalog at http://www.star-board.com/gallery/sbcatalog/sb2004catalog_web.pdf They're a meter wide and weigh about 30 lbs. Berkeley Board sports will sell them for \$600 apiece. Tere's tax and expenses in order to get them in service, like putting some EVA foam on the rails to prevent damage and re-building one of the racks to ease access. Saul made a motion to spend \$2,000 for three new Junior boards. Peter seconded the motion. Discussion followed. Do we have \$2,000 in the windsurfing budget? Yes. Did Ben of Berkeley

Board sports recommend these? Yes. The motion passed unanimously. A motion was made and seconded to adjourn the meeting. The motion passed unanimously. Meeting adjourned. Reported by Caryl Woulfe.

Present: Saul Schumsky (Commodore), Jamuel Starkey (Vice Commodore), Michael Faw (1st Vice Commodore), Asmaa Asyyad (2nd Vice Commodore), Sheldon Coad (Rear Vice Commodore), Peter Kuhn (Treasurer), Lori Taguma & Caryl Woulfe (Co-Secretaries), and CSC constituency.

Meeting was called to order at 7:00 pm at the Berkeley Yacht Club.

Ex-Committee Reports

Saul (Commodore) There will be a special announcement.

Jamuel Starkey (Vice Commodore) Here are the club membership numbers: As of February 22, 2005 we have 168 current members. For the Quarter Ending Jan 31, 2005 we have 184 current members. Here's the breakdown for new/renewal memberships for the Quarter:

Totals: QE 01/31/05 = 112 memberships. 5 yr AVG = 117 memberships. (down about 6% but offset by revenue up 118% versus the 5 yr AVG), Total Jan. 2005 = 47 memberships, 5 yr AVG = 50 memberships, Total Dec. 2004 = 28 memberships, 4 yr AVG = 25 memberships, 5 yr AVG = 26 memberships, Total Nov 2004 = 35 memberships, 4 yr AVG = 42 memberships, 5 yr AVG = 41 memberships, Thank you to outgoing Membership Chair: Sherry Daniels--[yay!], Thank you to our new/incoming Membership Chair: Heather Stewart--[yay!]

Michael (Co-1st Vice Commodore) Dinghy maintenance is ongoing and currently the fleet looks good.

Asmaa (Co-2nd Vice Commodore) Thanks to Jennifer Kirkland and Jerry Huff for creating festive, delicious dinners for our CSC General Membership meetings. A huge thanks also to Mitsu, who is great at fixing our windsurf sails and boards. Another huge thanks to Peter Kuhn, our Treasurer, who is very supportive of the windsurfing program. We need more Senior windsurfers!

Will (3rd Vice Commodore) (in abstentia) It's been a fairly quiet winter season so far. We have a few major projects going on:

1) Replacing the primary winches on Donald with Lewmar 30s like the ones on Daisy. We've got the winches and are working on upgrading the mounts to hold them.

2) HAULOUTS! All four of our boats will be hauled and bottom-jobbed by Berkeley Marine Center; we've worked out a deal that makes it cheaper (and faster) for them to do the work than to do it ourselves. The first pair will be hauled tomorrow, Friday the 25th.

3) We're planning some rig repairs to Louie, probably including replacing the spars.

Meredith (Port Captain) (in abstentia) We sorely need more Day Leaders. If you know of anyone who would like to be trained as a day leader, please contact me.

Sheldon (Rear Commodore) Last year we gave 2395 sailing lessons; this year the number is down somewhat. The Senior Skipper study group is beginning. Thanks to Peter Kuhn, who taught the Motor Clinic while persevering with the flu last Sunday. In March we will offer sailing instruction to members of the Girl Scout, Explorer Scout, and Cub Scout troops from San Jose on Saturdays, so please volunteer to teach on those days. Our Senior Cruising Study Group is also forming and we will be working on putting together a sailor's library that will include books used for the Senior rating.

Peter (Treasurer): CSC Statement of Financial Condition February 1 2005

As of Feb 1st we have \$77,121 in the bank, and our property is worth about \$95,000. In the last three months we took in \$11,317 and spent \$21,634:

Actual Income November '04 through January '05: Memberships (Regular and YRA) \$6,780, Clubhouse Donations \$3,904, Windsurf rental lockers, BBQ, etc. \$633, Total Income \$11,317

Actual Outlays November '04 through January '05: Dayleaders \$3,847, Insurance \$7,249, Lease (2 months at \$462/mo) \$924, Printing, Newspaper Ads, other communications \$959, Dinghies (P15 mast and rudders and dolly wheels, Lido parts) \$1,755, Keelboats (Commander winches, keelboat anchors) \$948, Windsurfers (sail repairs and parts) \$748, Skiff and engines (gas, tuneup parts) \$162, Clubhouse & Yard (paint, garbage service) \$383, Clubhouse Fundraising (calendars, etc.) \$1,399, Yacht Racing Association dues \$275, US Sailing conference travel expense \$1,429, Club activities (BBQ's, General Membership Meeting) \$944, Miscellaneous work supplies, office supplies, etc. \$612, Total Outlays \$21,634

In the next 3 months (Feb – Apr) expected income is about \$21,000, and budgeted spending tops \$27,000: Expected Income Feb through April '05, Memberships \$20,472, Donations, etc. \$541, Total Expected Income \$21,013, Planned Outlays Feb through April '05, Dayleaders \$4,174, Advertising \$5,000, CSC15 \$3,000, Lease \$2,880, Windsurfers \$4,100, Dinghies \$2,000, Keelboats \$2,000, General Membership Meeting \$750, Booklets, brochures \$1,400, BBQ's \$450, Miscellaneous-fundraising, work supplies, tools, etc. \$1,100, Skiff, engines \$300, Clubhouse maintenance, garbage service, etc. \$370, Total Expected Outlays \$27,524,

Note: all the expected figures above are based on plans made in early '04. Since then, memberships are down, donations are up (yea clubhouse fundraising!), advertising is pay as we go, the CSC15 has been delayed, and the clubhouse may get underway.

P.S. I really like the flan.

Caryl & Lori (Co-secretaries) Caryl: Thanks to all of you, and thanks to the chef's who made tonight's wonderful meal. It's a pleasure being on Excom .

Lori: Thanks once again to all volunteers who consistently teach new sailors and windsurfers. A big thanks also to Ed and Gregg for spending so much time keeping the Lido's afloat. Thanks also to Peter Bazek and Jim Pottinger, who teach Wednesday night lessons, to Neil for continuing to teach Monday and Thursday lessons, and to Dave Carey for teaching on Sundays.

Awards Presentation: A special award was bestowed upon Isabel Fortier, who became U. S. Sailing's Outstanding Program Coordinator for 2004. Isabel expressed her motivation as fulfillment in teaching, although her family didn't see much of her during the windy season.

Saul Schulmsky was given the U.S. Sailing's Outstanding Year Round Sailing Program award for 2004. He relinquished the award to Peter Kuhn, who presents an enlightening engineering solution for every problem, while teaching, coordinating, & maintaining order in a chaotic environment...with his special brand of humor.

Agenda Items:

1) Discussion involved creating a paid Coordinator position for the Youth Sailing programs, which includes sailing with kids from the YMCA, BYA, & Pegasus Program. Coordinating is a time intensive position, but Bill Prinzmetal has spent ten years in the role of volunteer coordinator. Thanks for your time and dedication.

The discussion outcome concluded: a majority of club members felt that it would be wrong to create a paid position, since the club has maintained it's volunteer status. Club members would rather schedule volunteer hours during the week for people to work.

Mike Clancy generously offered to give half of the time needed for a year; is there another volunteer to cover the other half? David Frazier has offered to coordinate the skippers for the Youth Sailing programs. Mike Hummel offered to coordinate the Land Sailing School next year.

Thanks for the generosity of all CSC members who give their time to teach others. Reported by Lori J. Taguma.

Seth Clark moved to adjourn. Motion passed and flan was served.

Some of the minutes from past meetings are not posted on the web. Lori and I will make sure they get posted to the

website. We're out of CSC brochures. (Will agreed to get more printed, since he needs to get some pages printed for the keel boat binders).

Treasurer (Peter) Last we met was 1/30/05 but I never put in a report so when last I reported for the 1/16/05 meeting, we had \$82,451 in the main accounts (not including \$2,188 in the CSC Xtras account, from which sales tax will come out as soon as Jane feels well enough to file the tax!), and now we have \$74,449, down \$8,002.

Since that glorious day almost four weeks ago, we've taken in \$4,348 as follows: \$ 2,990 regular memberships \$200 YRA memberships \$ 400 clubhouse donations (we're up to \$4,774!) \$ 726 in UC work-study reimbursement \$ 30 in interest on our money market account and \$2 for a booklet!

For the 2/9/05 Waterfront Commission I had to put in an annual financial statement for 2004 so here are the numbers I came up with: >/p>

Financial Statement for Calendar Year 2004 Cal Sailing Club, Prepared by Treasurer

Income: Memberships \$96,603, Donations \$7,334, Interest, Etc. \$3,914, Total Income \$107,851

Operating Expenses: Dayleaders \$17,074, Insurance \$13,048, Lease (includes payment for previous years not invoiced by City) \$13,662, Printing, Newspaper Ads, Voicemail, other Communications \$7,216, Dinghy maintenance \$7,358, Keelboat maintenance \$4,318, Windsurfer maintenance \$3,313, Skiff and engines maintenance \$2,863, Buildings & Grounds maintenance \$1,840, Club activities (General membership meetings, Open House BBQs, etc.) \$5,782, Fund-raising (donation boat sale expenses, calendars, Department of Boating and Waterways Aquatic Center Directors conference, donation mailers, etc.) \$2,432, Property Taxes, DMV fees, other taxes and filing fees \$1,438 Miscellaneous expenses \$2,030, Total operating expenses: \$82,375, Total Income - Total Operating Expenses: \$25,477

Capital Expenditures: Dinghy sails, hulls \$3,351, Keelboat sails, hull \$1,448, Windsurfing boards, sails \$6,241, Tools \$943, Clubhouse & Yard Improvements (new windsurfer storage container, fence and gate repairs, repaint clubhouse and containers, etc.) \$7,699, Total Capital Purchases \$19,683, Total Spending: \$102,057

New Agenda items:

1) Lease Committee. Saul made a motion to form a Lease committee to discuss the City's lease and prepare a formal response. Michael seconded the motion. The motion passed unanimously. Saul, Sheldon, Will, Peter, Michael, and Fred & Lori volunteered to be on the committee. Asma volunteered Ard as well. Saul was voted chair.

2) Swimming certificate. Peter talked with our insurance guy. Here's what the insurance quote said: "Â· Students are required to know how to swim prior to sailing lessons and are rated on their swimming ability. Website must be changed to reflect this. Â· Must wear life jackets. Website must be changed to reflect this. Â· Instructors are required to be certified and at least 1 instructor has to be Red Cross First Aid/CPR certified at all times. "

Apparently, as long as it says " swimming ability is required" in our materials, that should suffice. The website has been changed to reflect this; it should be stated in our CSC brochures and sailing and windsurfing booklets too.

3) The Berkeley Bay Festival is not happening this year due to the City's budget woes. Some organizations that participated in the past are going ahead with the festival anyway, on April 9. The question is, do we want to be involved? Will made a motion to add April 9 as an Open House date, so we would be available to give free rides to the public. Peter seconded the motion. The motion passed unanimously.

Peter made a motion to adjourn the meeting. Asma seconded the motion. The motion passed unanimously.

Meeting adjourned.

2005.01.30 - Excom

EXCOM MEETING

Sunday January 30, 2005

Present: Saul Schumsky (Commodore), Michael Faw (co-1st Vice Commodore), Asma Asyyed (co-2nd Vice Commodore), Sheldon Coad (Rear Commodore), Meredith Robert (Port Captain), , Peter Kuhn (Treasurer), and member Jane Morson.

Absent: Dan Pang (co-1st Vice Commodore), Jamuel Starkey (Port Captain), Will Lowe (3rd Vice Commodore),Caryl Woulfe (co-Secretary), Lori Taguma (co-Secretary)

The meeting was called to order at 6:00 p.m.

Ex-Committee Reports

Commodore (Saul) Progress on contract with Jochim to start construction on the Antrim CSC 15. Estimate contract to be signed in two to three weeks, which will require an expenditure of approx. \$12,000 for materials and Approx. \$1,000/week thereafter. Saul has agreed to give a talk on aquatic safety at the Berkeley YMCA on Fri, Feb 11

Vice Commodore (Jamuel) Absent. No report.

1st Vice Commodore (Michael) One Lido is currently out of commission. Everything else is fine.

2nd Vice Commodore (Asma) Reported on soliciting equipment donations without much progress. She has found new 2005 Simmer Sails at 25% of retail. Will pursue further contact with Geyser. She would also like to purchase addition junior boards and some novice 5.5 meter sails. She reported on a debate on whether Retro Ripper sails are appropriate for the club.

3rd Vice Commodore (Will) Absent. No report.

Rear Commodore (Sheldon) Lesson declined in Dec. No surprise. Peter held an informal motor repair clinic on the outboard that came with the donated Bahama 25. A more formal motor clinic is scheduled for 2/20 @ 1:00 pm. Senior study group will be starting soon.

Port Captain (Meredith) Recently have hired 4 day leads but 2 have already quit. Have since hired 2 more.

Secretary (Caryl and Lori) Absent. No report.

Treasurer (Peter) Peter reminded of the need for W2 forms for new day leader hires. There was a discussion on the valuation of the Bahama 25. Consensus was to advertise @ \$1500. There was discussion of possible insurance requirements for swimming certifications both for club members and day leaders. The written requirement from the insurance company is ambiguous. It appears that a written requirement of swimming skill from all members would put the club in compliance. It was suggested that day leaders be CPR/First Aid certified. Several people volunteered to research this issue.

New Agenda items:

1. Will had requested in absentia an allocation of \$3,000 for bottom jobs and keel boat repairs. Peter moved to increase the allocation to \$6000. Saul seconded. Motion passed unanimously.
2. Ratified the agenda for the general membership meeting Tues, 2/22. Agenda Free dinner and dessert. Officer reports, Paid Community Relation Coordinator, Updates on the clubhouse lease, Changes to club insurance, Mystery Announcement,
3. As per request, Peter moved that CSC allow Dean B. Atkinson to ask Rebecca Hausmann to marry him. Saul seconded. Unanimous approval and Huzzahs.
4. Asma moved to request \$500 for windsurf sails purchase. Peter seconded. Unanimous approval.
5. Discussion was held on the issue of paying a community relations coordinator. On one hand, it seems contrary to the all-voluntary nature of the club. On the other, it is an area of interface with the public and other organizations where CSC cannot afford to drop the ball. No conclusion was reached. The general membership will be consulted at the next general meeting. It is hoped that a responsible person may step forward to assume this responsibility.
6. It was suggested that further incentives should be offered to senior and cruising skippers to participate in giving community sail boat rides. (Moved/seconded?) to give free quarterly membership to anyone participating in two youth programs in a year, or free membership for life for five or more in a year.

Meeting adjourned.
